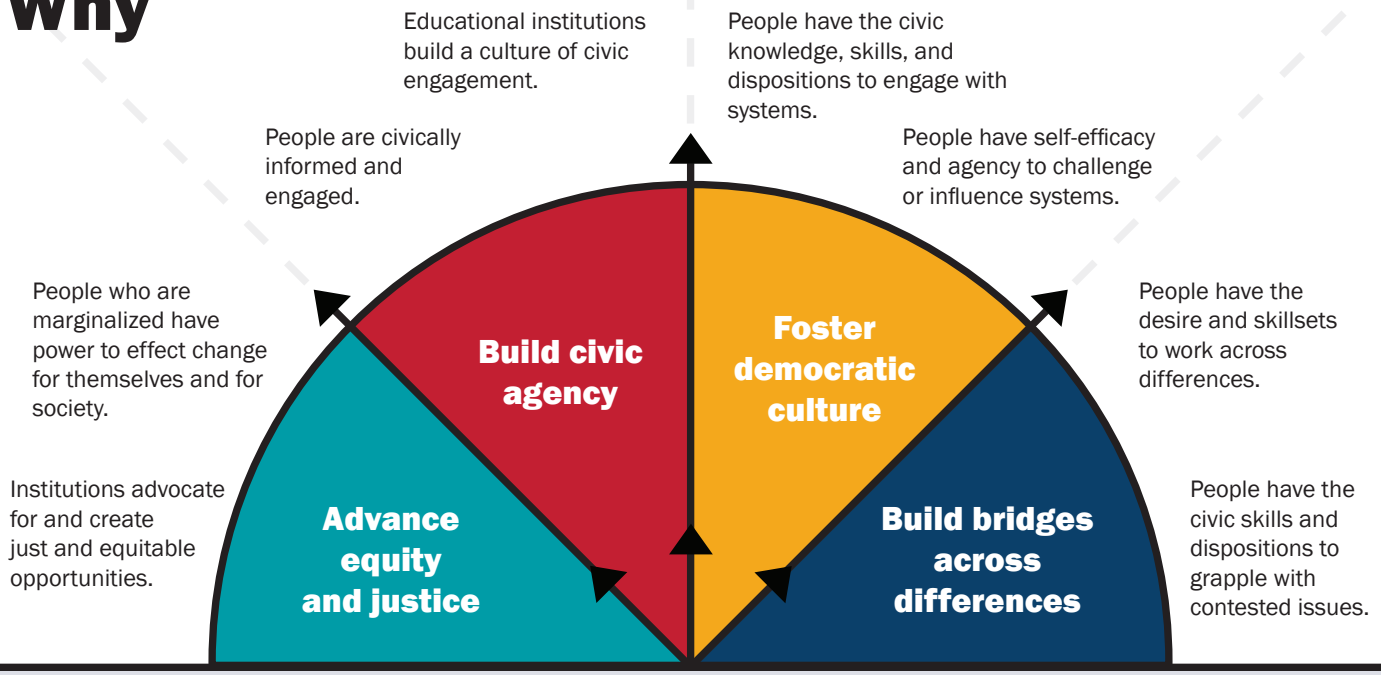
STREET LAW INC™

Vision 2030 Framework

Why



What

- Scale and sustain civic and law-related education opportunities and materials in schools and community-based organizations.
- Increase access to day-to-day life skills and practical legal knowledge in communities vulnerable to marginalization, racism, and injustice.
- Deepen and broaden programs to increase diversity in the legal profession.
- Build capacity of civil society organizations to mobilize their constituents around rule of law and community change.
- Expand programs that foster exploratory dialogue and build mutual awareness and understanding between communities and law enforcement.
- Build skills to discern and discuss contested public issues.
- Expand programs to elementary schools, community colleges, and pre-service teachers.
- Create opportunities for civic action and youth leadership.
- Develop peer-to-peer learning networks and communities of practice to grow impact.
- Provide opportunities for interscholastic and intercultural exchanges.
